Caring for Creation

SUSTAINABLE SEAFOOD: EATING FOR A HEALTHY PLANET

TO YOUR HEALTH

Wild fish populations are declining dramatically due to overfishing, lack of effective management, and over-consumption of various species. However, consumers can help by making wise choices concerning their eating habits. Check out the educational program from the Monterey Bay Aquarium at www.seafoodwatch.org. Read this article and more in the October issue of the Good Shepherd Newsletter at www.gslutheran.org/smallgroups/caringforcreation.

SATURDAY, NOVEMBER 3RD-BLOOD DRIVE

Every day, blood donors help patients of all ages: accident and burn victims, heart surgery and organ transplant patients, and those battling cancer. In fact, every two seconds, someone in the U.S. needs blood.

When a natural disaster occurs, such as Hurricane Florence and Hurricane Michael, the need for blood increases dramatically.

Good Shepherd's next blood drive is Saturday, November 3rd from 8:00 am to 1:00 pm. Please consider giving blood as there is a huge shortage right now. You can sign up online at www.redcross.org, at the Red Cross Table below Sign-Up Central in the Fellowship Hall, or fill out the flyer in your bulletin today and place it in the offering plate. Thank you.
