

# We Need to Be Current!!

Gas leaks and snow days and church closings—Oh My! In light of recent events, or rather, non-events that you need to know about immediately, we need to know how to get in touch with you. We send “SheepBuz” emails and Remind 101 text messages. We are on Twitter, Facebook and Instagram and we are also reinstating our “Calling Post” service. We need to have the BEST information with which to contact you! Please take a minute to complete this form and return to the church office. Thanks for your help!
