1	While greatly appreciating the work of the Committee, the Pastor and dedicated volunteers, this is far too intrusive in my opinion and seriously interferes with the worship service.	11/6/2020 11:48 AM
2	I Want to return to services but not under such dire conditions. I'm glad you're trying to make people feel safe but I think this is too harsh. We need to worship More openly and give praise joyfully. Thanks ☺	11/6/2020 11:37 AM
3	Pleased we will still be able to have online church.	11/6/2020 11:04 AM
4	I really appreciated the video, and appreciated everyone putting it together. My family is still worried about the rising numbers, and so I believe for the near future we will continue to watch from home. We LOVE the videos, and have really appreciated those. I hope to revisit this idea in the new year. Thanks!	11/6/2020 8:12 AM
5	We need to reopen our church.	11/6/2020 6:25 AM
6	One question: Could the number of in-person worshippers be increased with additional seating in Fellowship Hall to watch on TV? Many thanks for all the thoughtful deliberation that has gone into the reopening plan.	11/5/2020 6:31 PM
7	Q1 comment: Thank you to the members of the Covid-19 task force and staff for all the efforts during this unprecedented time. We have several members in our family and worship together regularly. I feel with the limited number of participants, it may be difficult to do this until there are more services or a larger number of participants are allowed. We also enjoy and appreciate the physical aspects of worship which are not allowed-singing, etc. Virtual may be better option for us until the experience is less restricted. Q2 comment: I am presently serving by lay reading, playing in bell choir, helping with selection of virtual worship music and leading virtual Bible Study. If needed I would help, but would like to see if others would have an interest in the opportunity to serve. We feel the suggested procedures do allow safe participation.	11/5/2020 2:51 PM
8	two sanitizing stations seemed a bit of overkill. Also seemed like more watchers then allowed attendees, that seemed like more then required.	11/5/2020 1:48 PM
9	We will continue to watch service on computer	11/5/2020 1:04 PM
10	Due to my health issues I may not be able to return to in person services in the near future ☹️	11/5/2020 11:27 AM
11	No	11/5/2020 8:46 AM
12	There is a spike in Covid-19	11/5/2020 7:53 AM
13	None	11/4/2020 9:14 PM
14	No	11/4/2020 8:27 PM
15	Thank you.	11/4/2020 7:29 PM
16	I think the winter months are going to see an increase in the number of cases. Not sure it's the time to reopen.	11/4/2020 7:07 PM
17	Since you started offering communion outside we have made it a point to get there once a month and we may try for the service the same way. We are some of the older members so more susceptible to the virus. I think it is very important to open though. With other churches in the area being open for some time now it wouldn't surprise me that some members have been attending those churches. That is what my son's church in Athens found. They've been open now too for several months.	11/4/2020 4:06 PM
18	None at this time Anxious to get back to normal, whatever that may be, but need to still be cautious. The way it's set up is somewhat sterile as an experience.	11/4/2020 3:18 PM
19	Thank you for moving forward reopening our church.	11/4/2020 9:15 AM
20	I (and Michael) will continue to participate in online service and come up to church for outdoor communion	11/3/2020 10:46 PM
21	distance is one problem the other age	11/3/2020 12:54 PM
22	Personally, I don't believe that some of our members can keep their distance from others. GSLC is a social church where hugs and hand offering. All volunteers will need to remind these	11/3/2020 12:10 PM

people to keep their distance. An idea to allow more seniors and those with compromised conditions would be to have one service a month for them. That way we are more inclusive to all members. How are you going to control who is to attend the services? Some people might sign up for every service, while others might sign up and not then not attend. Some people should not be allowed to attend services, if others haven't signed up quickly enough. How are people who don't have a computer sign up to attend services. These questions don't seem to be addressed in this presentation. Just "food" for thought.

23	As a teacher, I will have to play it week by week. Digital service works best for me right now.	11/2/2020 4:50 PM
24	Since I am in the high risk category, I will not be attending in person worship. I will continue to worship online and come to outdoor communion. I love Good Shepherd and appreciate all you are doing help us worship safely.	11/2/2020 2:28 PM
25	I believe the reopening as described in the video, can safely be offered in both services, thus offering a larger majority of our parishioner's to safely get back to worship services and fellowship!	11/2/2020 1:30 PM
26	The video made me cry, I'm 75 and a creature of habit. As of October just passed Good Shepherd has been my home for 31 yrs and the new normal feels cold. As I have always said when things happen that I have no control of "This to shall pass" Leanne Reynolds	11/2/2020 9:18 AM
27	I am an at risk senior and will return following vaccine. We will watch online, participate in outdoor communion, and continue financial support.	11/1/2020 12:41 PM
28	We are at risk seniors and waiting on a vaccine.	11/1/2020 11:48 AM
29	COVID cases are on an upswing again. I'm concerned about reopening.	11/1/2020 10:36 AM
30	I'm a senior citizen and will attend when comfortable, but the process looks like all the necessary precautions are being taken to ensure a safe environment.	11/1/2020 10:30 AM
31	If you want to come and can't get a reservation seems to me this could be an ongoing thing . What's to keep it where everyone has a chance to attend? Retusn85	11/1/2020 5:02 AM
32	This is too different; I find it disturbing. It goes far beyond what is needed. This is the only place I go that requires had sanitizer; it should be optional for those who want to use it, as it is in other places. I think the emphasis should be on outdoor events and events that can be as normal as possible. Coffee hours outside, for example. Classes in Sunday School rooms, with the windows open. I don't see any problem with using hymnals, offering plates and bulletins. People can wash their hands before they eat; that is the only issue I am aware of with respect to handling objects that other people have handled. Early CDC and WHO articles led people to think that surface transmission was a likely source of disease, but this now seems very unlikely, unless people share drinking glasses.	10/31/2020 10:56 PM
33	In a high-risk group.	10/31/2020 9:31 PM
34	I am going out of town until after Christmas. I will get back to you then	10/31/2020 3:26 PM
35	I am excited to return to in-person worship. Thank you for allowing this opportunity.	10/31/2020 9:44 AM
36	I am ready for reopen.	10/31/2020 7:06 AM
37	I never got to read all of the notifications. Read one and the second one went off after a couple of sentences. The rest left the screen.	10/30/2020 5:41 PM
38	I wish to thank ALL who have been dedicated to bringing us back safely as well as those who have brought Sunday online worship to us for these long months. We truly appreciate you!	10/30/2020 3:26 PM
39	Thank you for all the hard work and reopening our church	10/30/2020 1:18 PM
40	As of now, because the number of cases of COVID-19 has gone up again nationwide, we feel some reluctance to return. For now, I have a feeling that we may be making choices on a Sunday-by-Sunday basis, with much of this depending upon the reproduction number data and the number of cases that occur locally and in the state. To be fair, following the science will matter in our choice to return to church.	10/30/2020 11:06 AM
41	No	10/29/2020 2:34 PM
42	I see no point to worshipping like this. I can worship online at home, sing to my heart's content, and come to outdoor communion. It is not perfect, but much less messy than in	10/29/2020 12:44 PM

	person.	
43	The video was very well done and informative. Thanks to everyone who developed it! I am not comfortable attending yet due to my age and the fact that I fear the virus will have a resurgence in Georgia this fall/winter. I will continue to watch online, and I will take part in communion outdoors when I can.	10/29/2020 11:07 AM
44	Since I am at a higher risk I feel I should wait a while longer until the virus slows down some.	10/29/2020 11:04 AM
45	You did not address cleaning practices of the sanctuary, air filtration, who is putting the communion packets together and how safe are they, etc. so I cannot make an informed determination of how "safe" it will truly be. Staff interacts during the week and there was no discussion of mask wearing / temp check practices during the work week thus creating an undue risk. Until all factors are addressed, I do not feel safe or comfortable returning.	10/29/2020 10:07 AM
46	The task force did a great job. Thank you Personally I am still not comfortable being around groups of people.	10/29/2020 9:17 AM

48	The risk is too high for me right now, but I sure miss my church family..	10/28/2020 11:22 PM
49	I'm in a very high risk group and doubt that I will be able to attend. I know that the church will do everything to max the safety.	10/28/2020 11:05 PM
50	It is apparent that alot of time and research has gone into a successful reopening and I appreciate those efforts. Unfortunately, not only is the nation experiencing an upward trend in positive cases, but so is Georgia. So I'll stay home for awhile longer and pray for a safe and positive reopening for those that choose to attend.	10/28/2020 11:04 PM
51	I am high risk.	10/28/2020 9:35 PM
52	Good video. Thanks to everyone working on this reopening.	10/28/2020 8:32 PM

54	Our family will continue to worship using the online service and outdoor communion. Please continue to offer these worship opportunities. Thank you for your efforts.	10/28/2020 8:22 PM
55	Thank you for continuing to have online worship and outdoor communion. Our family will continue to worship this way.	10/28/2020 8:15 PM
56	I am very eager to get back to worship, although I am disheartened at the amount of items that will be missing that I feel are an important part of the worship experience such as the music and the fellowship with others. While I understand the importance of social distancing, hand washing, etc. to prevent the spread of germs, I am a little upset that we are not truly reopening the church.	10/28/2020 8:14 PM
57	No	10/28/2020 8:10 PM
58	My husband and I cannot return to church for services yet. Would still be too risky for us.	10/28/2020 8:07 PM
59	I'm still not comfortable with where the covid numbers are. I don't think that in person worship is a wise move right now.	10/28/2020 7:44 PM
60	I will wait a while longer before I attend service.	10/28/2020 7:24 PM
61	We can go to the grocery, go to restaurants, go to the Home Depot, go to the gym, etc. and we continue to be closed. It is time to open our doors. If people are uncomfortable we provide the online option.	10/28/2020 7:09 PM
62	Thank you to the staff and COVID Task Force for all your work to plan for the phased reopening of GSLC. I am immune-compromised, so I will continue to do the online worship at home. Thank you for continuing to offer the online worship service.	10/28/2020 7:01 PM
63	Can we still bring our own Bible to worship? Also it wasn't clear if the congregation can sing or are we not doing that at this time?	10/28/2020 6:47 PM
64	Depending on when we reopen I will be glad to serve. I have a few weekends that I will be out of town.	10/28/2020 6:43 PM
65	Until a vaccine is available, we will not be returning for in person worship. We are both senior	10/28/2020 6:41 PM

66	Great job on all of this. It brought clarity to a very muddled time. Thank you!	10/28/2020 6:29 PM
67	I think this is a little premature. Numbers are going up in many states.	10/28/2020 6:13 PM
68	I am staying in home.	10/28/2020 6:12 PM
